Discover the wonder of the Greek Gods with fun characters that really come to life!
Petita Demas presents a witty new game for children on a tried-and-tested
educational app formula, recommended by Apple in the App Store.

Greek Gods

About

Match and Learn™ The Greek Gods is an educational puzzle game for 2 - 6 year olds. Children match twelve different Greek Gods, each with their own story and clever animations that bring a smile. Choose from four mini-games, subtly developed at different levels of engagement to appeal to ages 4-6 as well as toddlers age 2-4. All animations are handcrafted frame by frame, in great detail and with a sense of humour, so that children love them at first sight.

Petita Demas games are by parents who understand the importance of good quality aesthetics in their children's games, with the help of educational experts for the best possible learning experience. The **Match and Learn™** games allow your child to observe, remember, choose and match fast and efficiently while developing their motor skills.

We believe education and creativity will make the world a better place, join us on our journey! Find out more at petitademas.com

Features

- Beautiful hand-drawn frames of animation that reveal each character's own special universe.
- A choice of four games that provide different levels of engagement for all children aged 2 to 6.
- Uplifting music & sound effects throughout the game, personalised to each character.
- Funny, engaging poems that highlight the story of each Greek God, recited with a unique style by a professional actor that will put a smile on any face.
- Carefully crafted colour schemes, advised by experts.
- Option to personalise the experience by entering a child's name.
- Built-in mechanics to enhance your child's puzzle and motor skills.
- No ads or in-app purchases are ever to be found in Petita Demas games.
- Petita Demas is a proud member of the "Moms With Apps/ Know What's Inside" programme.

About Petita Demas

The **Petita Demas** name comes from the Ancient Greek expression “mikrós to démas” meaning “small sized”. We are a company dedicated to our friends who are small in height but big in our hearts! Our aim is to light the spark of curiosity in children through wonder and wisdom.

We build creative, educational apps for children aged 2-6. As parents, we feel responsible for the aesthetic education of our children and we believe this can shape the way they experience, interact and later on reshape our world. By creating apps that appeal to adults too, we hope to strengthen the bonds between parents and children through joyful play.

Through a research-led approach, we've created aesthetically sound games, along with strong production values, crystal-clear concepts and simple UI/ UX design. We're creating a portfolio of children's games with diverse aesthetic approaches, so choosing one of our apps is like looking in a window of great children's book shop.

At the moment our library includes **Match and Learn™ The Professions**, **Pico the Penguin** and now **Match and Learn™ The Greek Gods**.
